# VICTO National Disaster Response

VICTO National conducted relief missions to provide relief goods to affiliated co-operatives and their members, as well as directly impacted VICTO staff in Region 8. Relief consisted of food, water, hygiene kits, bedding, and mosquito nets.

*VICTO National staff & the Australian Medical Rescue team happily volunteered their time in the evenings and on weekends to pack relief goods in Cebu.*

*Hygiene kits comprising of matches, shampoo, and soap*

*Relief goods packed & ready for transport to Tacloban via truck and ship.*

# Distribution Of Relief Goods

*In November 2013, VICTO National turned over relief goods to Perpetual Help Community Co-operative.*

*VICTO National staff travel to Kangara MPC to visit and deliver relief goods.*

*Despite the rain, the people of Tacloban queue in an orderly fashion awaiting distribution of relief items.*

*Basey 1 District MPC members are happy to receive food & water parcels.*

*VICTO National turn over food & water to Help First Basey MPC for distribution to their co-op members.*

# Distribution Of Relief Goods

## NAMACA MPC & VICTO National

On 29th December 2013, VICTO National and Nagkaisang Magsasaka nang Caibiran MPC (NAMACA MPC), in partnership with Foundation for Sustainable Development (FSSI), packed & distributed 500 food packs (rice, noodles, corned beef). 350 packs for co-op members, and 150 packs for the community of Caibiran, Biliran.

*Goods delivered from the supplier.*

*Staff & volunteers work together to pack the food into 500 parcels.*

*Distribution of the food parcels to both co-op members and the general community.*

# Medical Mission

VICTO National, in partnership with the Medical Rescue Australia, deployed 3 teams of Australian doctors, nurses and paramedics to provide free medical treatment for victims of typhoon Haiyan. More than 3500 patients were treated in pop-up clinics in Eastern & Western Visayas, with the majority of patients in Region 8. Locations included: Brg. Anibong and Brg. Nulatula in Tacloban City, and Brg. Guindaponan, Palo Leyte. Importantly, for many people this was their first access to medical treatment.
